To give you just a little taste of the challenging route we're taking you on this year, our rally-master has decided to leak some previously 'classified' photos of just a few of the many scenic areas to be found around each corner of the course.

Issue Highlights:

[Entry Form](#) is attached
...just print, fill out, and
send in any 1 of 3 ways
(fax, post mail, email)

Hurry with Your Registration – Just 2 weeks to Go !

Attention at the Start Line! Well before we drop the green flag on May 30th, we need to hear from all of you rally drivers very quickly because we have to know how many to expect and to prepare the BBQ and other great stuff for !

That's why we need you to **Pre-Register right now** by printing out and filling in the attached entry form with your preferred mode of payment. Then just fax OR scan & email it to the contact addresses shown on the entry form. It's that easy.

Update on the Route

Our Rally-Master promises a really challenging course for you this year! For one thing, the route this year will be about 50%

..bring a good navigator with you...

longer. Next, the riddles and clues will definitely need you to bring a smart crew and navigator because there won't be any time for leisurely sight-seeing !

Jim is confirmed back

Jim Kenzie of *The Toronto Star* will be back with us as M/C of the event. He can always be counted on to re-tell many of the close calls he's experienced in the Newfoundland Targa and other ventures. Make sure you ask him about his recent visit to the offices of the late Enzo Ferrari in Italy!
